Re: Parenting Plan for Jonathan and Sebastian Temple  
Case Number: 08 DR 1454  
El Paso County District  
Colorado Springs, Colorado

Dear Mr. Haller:

I have been working with Jon and Sebastian Temple in therapy since January of 2012. The purpose of the therapy was to assist in the reconciliation of their father son relationship. I have seen them both together and separately to try to mend this relationship, however we have been at an impasse for some time now. It is my recommendation that at this time reconciliation treatment be discontinued. We may want to reconsider this in 6 months, but for now further treatment is counterproductive. I will continue to see Sebastian on a regular basis.

If I can provide additional information or clarification please feel free to contact me at 471 3460.

Thank you.

Sincerely,

Steven Stockdale, Ph.D.  
Licensed Clinical Psychologist
